Benefits of a Laptop Program for Year 7 to 12 include:

- Ability to share their progress with their families
- Use of similar technology between home and school environment
- Work easily on school revision
- Increase capacity to complete homework
- Access to on-line tutorials and resources away from the teacher
- Communication when student is home from school, via forums or other on-line collaboration tools
- Access to programs that the school may arrange for students
- Teach students how to manage their digital footprint and conduct themselves appropriately on-line.

What has been said about the MacBook Air 11 inch?

“The new definition of fast” “Impressive. In every sense”
“The thin and light notebook, at the height of its power”

“We need something new. We can’t predict what that will be or when we will find it because if we knew that, we would have found it already!”
Steven Hawking

1:1 LAPTOP PROGRAM

Opportunities now…
...benefits for life

Rejoice In Service
Georgiana Molloy Anglican School understands that learning in the 21st century must include access to the significant technological developments occurring in today’s world. To enable our students to safely have every educational advantage available to them and empower them for the digitalized future we, here at GMAS, are implementing an exciting innovative new initiative. We have introduced our 1:1 Laptop Program. As of 2015 Georgiana Molloy Anglican School will ensure each student in years 7 to 12 has access to their own laptop 24 hours a day, 7 days a week, complete with the peace of mind that comes with comprehensive insurance and Apple Care support assurance.

It’s made from strong beautiful materials like aluminium and glass. It comes with the latest technology – powerful processors, advanced graphics and fast memory. And it has features you won’t find on a PC. So from the outside in, A MacBook Air is designed to be a better computer.

A MacBook Air is as good as it looks!

New MacBook Air battery can last up to 9 hours between recharging!

Why a 1:1 Program?

Georgiana Molloy Anglican School is dedicated to providing each of its students the opportunity to:

- Access 21st century digital technologies and resources
- Use a wide range of tools to analyse information
- Assist student classroom collaboration, school collaboration and global community collaboration
- Access on-line class discussions and forums
- Demonstrate, their understanding of:
  ⇒ Knowledge and learning
  ⇒ Using technology ethically
  ⇒ Secure online connections with home networks
  ⇒ The additional safety measures for on-line use.
