ICT Levy

The ICT Levy supplements the Apple 1:1 technology program which provides every Secondary School student with their own device in a wireless environment. The levy applies to students in Years 7 to Year 12. The ICT Levy is **$590** per student, per year, and will be charged to the Annual School Fee Account.

VET Subsidy for BRTTC and TAFE

GMAS provides a subsidy on School Fees for students who attend BRTTC or TAFE as part of their timetable. Students attending BRTTC or TAFE for two days per week will receive a tuition fee reduction of **$1,500** per year. Students attending one day per week will receive a tuition fee reduction of **$750** per year. These subsidies are calculated on a pro-rata basis according to school terms in which the student participates in the program. Students attending Work Placement (for example one day per week for a term) is considered an elective learning opportunity rather than an external training program that replaces school delivered instruction. For this reason, workplace learning does not attract the same school fee subsidy.

Financial Hardship

Families who are experiencing temporary financial hardship are encouraged to contact the Assistant Business Manager to discuss how the School may assist. Options may include entering into a payment plan/arrangement or fee remission (in extreme circumstances).

All fees and charges are reviewed and approved annually by School Council

The card holder must be the parent/legal guardian of the student/s, be the fee payer, and the students must be listed on their card whilst they remain enrolled. The Department of Education offers an allowance to assist eligible families with the cost of secondary schooling.
