## DOING OUR PART FOR THE PLANET!

We are working hard to minimise our impact on our precious environment! Where possible, we buy local and use organic produce from our school gardens. Over 90% of our packaging is biodegradable and over 85% of our menu options are sustainable or available as a waste free lunch order. Do your bit for the planet by choosing sustainable menu items and bringing in your own reusable containers from home. On Waste Free Wednesdays, we only offer sustainable options.

## WASTE FREE WARRIORS HOW TO BOOMERANG YOUR LUNCH

- 1** Find some cutlery & a suitable lunch vessel from the 'Tupperware' drawer at home. Good luck finding the lid!
  - 2** Drop your containers at the Cafe with your lunch order... or if you're in Primary School, drop it in your class lunch basket.
  - 3** Don't forget to label your things or the boomerang won't work.
  - 4** Wait patiently. Before you know it, your container will be returned to you full of delicious food!
-  Your tummy and planet will thank you. Seriously, what's not to love???
