

Est. 2003

## Georgiana Molloy Anglican School

### Consent2Go

#### Getting started

All current parents will receive a personalised email with a link to commence the process of uploading their child's current health records. All information is stored within Australia in a Tier 1 environment, complying with Australian privacy requirements.

You will be required to provide information relating to:

- Parent/guardian details
- Emergency contacts
- Health and medical information
- Care details

Once you have completed this process, the real advantages and time savings occur. Ongoing medical updates, and the provision of permission to attend camps and excursions, will be user-friendly and efficient and the new system will completely remove the existing paper-based forms that have been received to date.

#### Tips before starting the process

There are a number of things that will assist in easy completion of the form:

- Have your Medicare card available
- Know your current doctor's practice name, address and phone number
- Know your private health insurer, policy type and number
- Have a copy of your child's medical condition action plan ready to upload (if applicable)

#### How do I use Consent2Go?

After clicking on the link in the email you have received, you will automatically be connected to Consent2Go.

## Update Details

Dear Mr AAParent1

Please carefully check and complete each section, including contact information, student profile, current or new medical conditions. The final page will require you to submit the information. \*\*Please ensure at the final stage you click SUBMIT to ensure the update is completed.

You are updating the contact details and health profile of **AATest1 AASTudent1**.

[Click to Continue](#)

By continuing you agree to the [Terms and Conditions of use](#)

For the best experience on mobile devices, download our parent application for [Android](#) and [iOS](#)

Consent2Go will send a verification code to your mobile phone to ensure security and privacy.

To ensure the highest standards of data security, we've sent a verification code to your mobile number ending in \*\*\*446.

If you don't recognise this number, please contact Georgiana Molloy Anglican School.

Please enter the verification code

Need a new code? [Resend code in 39s](#)

[Click to Continue](#)

The information requested will relate to:

- Parent/guardian details and emergency contacts
- Health and medical information
- Medication permission
- Photo consent

**You do not need us to send you a link in order for you to update your child's profile!**

You can just visit <https://www.mcbschools.com/gmas/studentupdate> to be taken to the update page. Enter your email address previously provided to the school to receive an update link.

**Georgiana Molloy Anglican School**

To update your contact details or edit your child's record please enter the email address as listed in your contact information. An update link will be sent to this email address.

Please enter parent / guardian email address linked to the student

  

By continuing you agree to the [Terms and Conditions](#) of use

Does AATest1 have any medical or mental health conditions?

Yes  No

Please check the medical / mental health conditions from the drop-down menu (below) to ensure all conditions are accurately recorded

Add Condition +

Parents/Guardians are required to make arrangements with Georgiana Molloy Anglican School for the safekeeping and handling of medications during the activities.

## Care details and photo consent

On this page parents/guardians are asked to consent to the school's use of imagery containing students in school photos, publications, communications and marketing. It is important for parents to know that if they DO NOT agree, their child will not be featured in any school photos and therefore, there will not be any visual record of their journey at GMAS. This consent relates to photos of sports teams, events, Mother's Day breakfasts, etc. This screen also asks about their child's swimming ability and permission to administer Paracetamol, Ibuprofen and/or Antihistamine.

Please provide your consent with a yes or no against the following areas of consent:

Promotional Material

Yes  No

Online Material

Yes  No

Print Material

Yes  No

**Swimming Ability**

Edit 

**Swimming Ability**

Advanced: 200m+

**Swimming Ability Comments**

### Other information

I give permission for Georgiana Molloy Anglican School staff to provide the following over-the-counter medications, if AATest1 feels unwell. I am aware that the school will notify me if medication has been provided:

Paracetamol

Yes  No

Ibuprofen

Yes  No

Anti-Histamine

Yes  No

I give consent for AATest1 to receive emergency medical treatment if required, at school or at school related activities including, school excursions, sports days, retreats and camps. I give permission for Georgiana Molloy Anglican School to pass this information to approved third parties (e.g. Doctor, Hospital, Georgiana Molloy Anglican School Service Providers).

## Confirmation and submitting

Please tick the confirmation box and check the summary details which will appear. Click Submit to complete the process.

**Review**

I have provided Georgiana Molloy Anglican School with the current contact details and health status of **AAstest1 AAstudent1**. I acknowledge that it is my responsibility to inform Georgiana Molloy Anglican School of any changes at all times.

## Downloading the Parent App

*Please Note: To register for the Parent App you must have verified your email address via a Student Profile Update.*

You can go directly to either the Google Play icon or Apple Store icon on your phone and search for 'Consent2Go,' or scan the QR code. Additionally, there is a link on the first [Profile Update screen](#).

**Scan me!**

*Parents who share an email address with another parent cannot both register using that same email address. Only one registration is permitted per email address.*

## FAQs

### **Q: What does the school use Consent2Go for?**

A: GMAS uses consent2Go to plan excursions, camps and events as well as maintaining student medical records. We also use Consent2Go to send parents requests for certain payments which allows parents to pay online directly to the school bank account via a secure payment gateway.

### **Q: I received an email advising me that I would soon be receiving a link to Consent2Go but I am yet to receive it, what should I do?**

A: Check your Junk email folder to see if the email has arrived there. If this has happened, you may want to click 'Not Junk' or add the email address [admin@mcbschools.com](mailto:admin@mcbschools.com) to your Safe senders list.

### **Q: How do I know my child's information will be safe online?**

A: For Australian schools, data is stored within Australia in a Tier 1 environment, where all handling of personal information for individuals complies with the Australian Privacy Act 1988.

### **Q: Do I need to create an account and login?**

A: No. There is no login required for parents. Each event or request for consent and payment is sent to the email address that you have registered with our school. When you receive the Student Profile Update Invitation email all you have to do is accept or decline the invitation and click through the pages to update your child's information. You will need to complete this for each of your children who attend GMAS.

### **Q: Consent2Go will not proceed to the next screen**

A: Please look for any red icons with a cross displayed. This will indicate a compulsory field that must be answered before you can proceed to the next screen.

The screenshot shows a form with three input fields, each with a red error message below it:

- Medicare Number:** The input field contains the text "Medicare Number" and has a red error message "Medicare number required".
- Medicare Line:** The input field contains the text "Line #" and has a red error message "Line # required".
- Valid To:** The input field contains the text "mm/yy" and has a red error message "Valid Date required".

Below the form are three radio button options:

- Medicare Card
- No Medicare Card
- Medicare Card details unknown

**Q: What if I don't want my child's health records to be maintained online?**

A: Schools generally do not maintain health records in any other format, so using the platform is necessary for managing student care, particularly for excursions. Digital records ensure that the school has the most up-to-date and accurate, real-time health information for your child, minimising risks.

**Q: What happens if I change my email address?**

A: Please contact the school and provide your new email address.

**Q: How much do I pay to use Consent2Go?**

A: The Consent2Go system is free for parents. The school pays an annual fee to use Consent2Go

**Q: Can the other parent automatically see my details?**

A: No. Your details will only be visible to the other parent if you choose to share them when completing the Profile Updates. If our main database already records parents as separated, this information will automatically carry across to Consent2Go to ensure appropriate access settings are applied.

**Q: How often do I need to update my child's details?**

A: We recommend updating the profile whenever there are any changes to medical information, contact details, or other important circumstances to ensure we always have accurate and up-to-date records. The school will also send out a reminder at the start of each term.
